TOGETHER IS MY FAVOURITE PLACE TO BE

# HELLO

It's so great to hear that you are interested in booking a photography session for your family!

My family sessions are a chance for you to capture relaxed and natural images of your family together. Rather than a set of posed images in a studio, a lifestyle session allows you to be yourselves in a comfortable location. This could mean capturing your newborn baby at home, a relaxed walk in the woods with the family, or all having fun together at your favourite beach.

It could include just your immediate family, or photographing some wonderful memories from an extended family get together. I can think of few things more precious than a set of images that capture the people that you love most all together, with all the family in the photographs.

Have a look through the information in this guide, and then let's have a chat and get your session booked in. I can't wait to hear from you!

## WHAT TO EXPECT

### BEFORE THE SESSION

When you make your booking, I will talk through all the details with you so that you know exactly how the session will work. Depending on the ages of any children, it may work best to have the session at home, or it may be better to head out on location somewhere - I can talk you through the options and work out what would suit your family.

### THE SESSION

The most important thing to me is that everyone is comfortable, relaxed and having fun. I don't do formal poses, and group shots will be relaxed with genuine smiles. I will help to create a fun environment where the children's natural personalities shine through, then I will capture these moments for your images. Depending on what suits you and the age of your family, we may take the images in your home, or go for a walk somewhere, have fun on the beach or explore some exciting woodland. This means that you will be left with a wonderful set of images that show your family in the way that you know it, recognising the unique character of each child and the way that you all naturally interact together. The photo session usually takes around an hour or so, but I suggest allowing two hours, just so that we don't feel rushed.

### AFTERWARDS

After the session, I will carefully select and edit the photographs, and these will be available for you to view in a password protected online gallery. This will be available for two weeks for you to make your image selections, and you can also choose to share this gallery with your friends and family if you would like to. There is no minimum order required although families typically invest £300-1500 on prints and/or digital products. I want to create some beautiful images of your family that you will treasure, and I will help you get these on display so that you can continue enjoying them for many years to come.

WOW,WOW,WOW!  
THE PHOTOS ARE

# AMAZING

YOU HAVE CAPTURED  
SUCH A SPECIAL TIME  
PERFECTLY AND I CAN'T  
STOP LOOKING AT THEM.  
THANK YOU SO MUCH!

A young child with curly hair is sitting on a light-colored sofa, leaning against several pillows. The child is wearing a yellow knit sweater and grey pants, and is drinking from a blue sippy cup. The sofa is decorated with several pillows: a large orange one, a white one with a red fish pattern, and a textured orange one. In the background, a window with dark curtains looks out onto a lush green forest. A small gold geometric object sits on the windowsill. The overall atmosphere is warm and cozy.

I KNOW THAT WE WILL  
**TREASURE THEM**

FOR YEARS TO COME!

## WHAT NEXT?

Have a look at my booking calendar and find a provisional date that works for you. Once I receive this, I'll be in touch to confirm details. We can always change this date/time if you need to, and I'll chat through the timings with you to make sure everything works for you.

Or if you'd prefer to have a chat with me first, please let me know. I'll give you a call and let's take the first steps towards creating some really precious family images of you all.

I can't wait to hear from you!
